

Principal, Private Equity

Argand Partners is a New York and San Francisco Bay Area-based middle-market private equity firm that targets market-leading industrial companies with under-resourced and unrealized global growth potential. Argand companies have strong market share, sustainable competitive advantages, defensive characteristics, and significant growth potential supported by secular demand trends. The firm focuses on advanced manufacturing and business services companies with a strong U.S. nexus (headquarters, significant operations, primary growth market, or majority of revenue) and often significant global operations or expansion opportunities.

Argand is a growth-oriented control investor that engages with complex situations in order to buy well. The team employs a hands-on approach to partnering with management to create value across the investment lifecycle and help portfolio companies achieve their full potential as world-class, industry-leading companies.

In 2021, Argand was named a 2021 Top 50 PE Firm in The Middle Market™. The award is designed to acknowledge small and mid-sized leading private equity firms in the middle market. Argand is a signatory to the UN-supported Principles for Responsible Investment and the ILPA Diversity in Action initiative.
